## Superintendent's Highlights

We are in our 2<sup>nd</sup> year of a 5-year curriculum/assessment alignment project. Last year, during 16-half day inservices, we aligned our curriculum in Language Arts, Math, Science, Social Studies, Fine Arts, Technology, and Health/PE. This year during inservice we have completed scopes and sequences K-12 in all of these areas. Teachers are currently working on lesson plans and unit plans that reflect our newly aligned curriculum. Next year, our focus is on assessment alignment and analysis.

We are fortunate to have received a Comprehensive School Reform (CSR) grant, which will provide \$50,000.00 each year for the next 3 years for the purpose of comprehensive school reform. We will use the Effective Schools model.

We are in our 3<sup>rd</sup> year of Levels Testing (MAP) implementation and are excited to be adding our 2<sup>nd</sup> and 9<sup>th</sup> graders to Levels testing this year.

For the first time, our high school students are taking advantage of a variety of college courses for college credit through concurrent enrollment and satellite courses.

We are excited to offer a new high-tech media center, equipped with a state of the art library, technology center and computer lab, large conference room, and a distance education center with classrooms. Additionally, we have constructed a new weight room and wrestling facility.
